

RU CASANOVA

WORKING UNDER SADDLE

Dawn Marie Frye who owns RU Casanova Class of 2010 and Robin Rivello training Cass.

Cass is learning to work under saddle while wearing bridle.

Dawn and I already taught Cass about someone lying on and over his back. Kristen O. and Emilie B., my junior trainers, had also already backed Cass with me and he had quite an audience that day.

Now Dawn is backing him for the first time.

We are doing the same as we did with Emilie and Kristen the first time.

Cass working bitless as he learns the rider's aides, even though he has been wearing a bit when lunging.

Cass is now working in a bridle full time and is learning more of what the rider's aids mean using a large play ball, a tarp, and cones.

Cass is now working walk-trot.
